OK for clarification please use Kewaunee cabinets for bidding purposes. We will consider substitutions after the bid.

Richard,

Per Addendum 2 the Laboratory Casework specification is not limited to Kewaunee.

However we need to meet the Kewaunee specification. Will you tell us what manufacturers are acceptable?

No one can meet the Kewaunee specification entirely, so there must be a perceived breaking point and I'm just trying to figure out what other manufacturer is acceptable.

Thanks,
